TECHNICAL DATA SHEET

Hybird Series

FEATURES:

- Clear-film technology with outstanding heat rejection to create the perfect film for high end cars.
- Hybrid film utilizing carbon and ceramics technology getting best of both worlds
- Does not block GPS nor mobile network
- Improves safety while driving by reducing glare and increasing visibility.
- Improves cabin comfort, reduces demand on AC systems by rejecting up to 92% of solar heat-gain.
- Protects interior from fading while maintaining the exterior image of your car.

Hybird Series

Product	VLT%	UVR%	(Int/Ext)		IRR%	TSER%	Thick (MIL)
			VLR%				
HS30	35	>99	15/20		91	80	2.5
HS20	20	>99	16/21		91	85	2.5
HS15	15	>99	16/21		92	90	2.5
HS10	11	>99	16/22		91	91	2.5
HS05	07	>99	16/22		93	92	2.5
HS01	03	>99	16/30		87	95	2.5

All figures are measured by **ASTM** regulations
